

## **Our Mission and Aim**

Honeydew Healthcare aims to provide high quality compassionate care and support to people who are unable to look after themselves in their own homes, at a time convenient to them.

## **Our Objective**

To commit to a person-centred and inclusive partnership based approach which embraces every individual in receipt of our service.

To commit to every individual in our service in order that they should have a stable fulfilling environment that enables them to retain their independence.

To commit to every individual's rights in order that they continue to have independence, sense of security, feel that their dignity is respected, feel empowered through acknowledging their civil rights and uphold principles of confidentiality.

## **RESPITE CARE**

Our respite service provides companionship to those individuals living alone, or short respite care (a couple of hours) to enable informal carers to go out for a break. Honeydew Healthcare offers individually tailored planned activities both within the community and in-house, having regard to the age and interests of the service user.

## **LIVE-IN CARE**

Live-in service where we supply our dedicated, compassionate and professional staff to live-in with individuals who may need round the clock care and support within the comfort of their own homes.
